

OCTOBER 2003: IT'S SHOW TIME!

*Paph. tigrinum* caricature by Pat Graham © 2003

Oh Please,  
Please... Look at  
me!!!

**I**t's officially Autumn, and for once the calendar seems to agree with our weather. And for the Central NY Orchid Society, that means that our Annual Fall Show & Sale is upon us! We've got four vendors lined up, our friends at both the Southern Tier Orchid Society & the Genesee Region Orchid Society will be participating, and several of our regular AOS judges have agreed to do us the honor of selecting the awards. Now all we need to do is to pull it all off, and we're counting on you, our members, to come through for us! But more on that later...

**I**n keeping with our focus on putting on a successful show, our meeting this month—**Sunday, October 5 at 2:00PM**—will help us to understand exactly what those judges are looking for when they put our prized possessions under their microscope. Just what is it their exacting eyes are looking for? For Sunday's meeting, our program chair Judi Witkin has arranged to show the AOS slide presentation on orchid judging. OK, perhaps your pride and joy won't stand up and smile at the judges like Pat Graham's lovely *Paph. tigrinum* on this month's cover (see note on p. 7), but we'll also discuss what you can do to present your orchids to their fullest advantage so that they have a better chance of catching that judge's discriminating eye! In addition we'll also be attending to all last minute planning needed for our quickly-approaching show (October 11-12, Shoppingtown Mall, DeWitt). More show-related details are found throughout this issue. *We need lots of orchids, and lots of help!*

**SEPTEMBER MEETING: INVITED SPEAKER  
LENA PARKER**

Our September meeting featured a very enjoyable presentation by Lena Parker on the people and orchids of Costa Rica. Lena's slide show provided members with a window into growing orchids in Central America, as well as the prestigious International Costa Rican Orchid Show, held last March. It should not be surprising that *Cattleya skinneri*, Costa Rica's national flower, figured prominently in the presentation. Prior to the meeting, a group of CNYOS members took Lena out to lunch at the Lock 24 in Baldwinsville. After Lena's presentation, the club discussed plans for our upcoming show.

**CNYOS FALL SHOW: OCTOBER 11-12!**

That's right, the show is less than two weeks away, and we're counting on all of you to make it a successful one! This year's show will be held OCTOBER 11-12 in Shoppingtown Mall, DeWitt, NY, in the general area of the JC Penny department store entrance. Set-up is on Friday, OCTOBER 10<sup>TH</sup>, starting at 3:00<sup>PM</sup>. There will be at least seven displays, including vendors & three societies—mostly the usual suspects; in addition to CNYOS, society displays will be set up by the Southern Tier Orchid Society and the Greater Rochester Orchid Society. Some familiar faces will be in the vendor area as well, including MaryCarol Frier of **Frier's Orchids** (Chester, NY), Joe Kunisch of **Bloomfield Orchids** (Pittsford, NY), Jim Marlow of **Marlow's Orchids** (Scottsdale, NY), and Paul Sheetz of **JustPat Orchids** (Philadelphia, PA). CNYOS Members are encouraged to enter personal displays, especially of an educational or artistic nature—those set up last year were very well received, both by the judges and the public. Judging will be on Saturday morning starting promptly at 8:30<sup>AM</sup>. *Members who have signed up to be clerks should arrive at the mall by 8:00<sup>AM</sup>.* A light breakfast will be provided by Dolores Capella (*one more volunteer needed*).

*Continued bottom of next page...*

**MEETING MINUTES FOR SEPTEMBER 7<sup>TH</sup>, 2003**

**Old Business**

1. We received a thank you from the Jewish Family Center for our participation in their auction.

**New Business**

1. Invited Speaker: Lena Parker on The Orchids & People of Costa Rica

2. Several new members were introduced.

3. The treasurer's report was distributed. Key Bank now has our account.

4. Officer elections are coming up and we need nominations for President, Vice President and (sob) Treasurer. A Nominating Committee will be set up to contact people.

5. The October 5<sup>TH</sup> meeting will be spent getting ready for our Fall Show, including a Slide Show on Judging.

6. Show: set-up is on 10/10, Judging is Saturday morning (starting at 8<sup>AM</sup>), and the Show goes through Sunday.

7. **Future Meetings & Events:** 11/2- Glen Decker from Piping Rock Orchids; 11/8-Visit to Jim Marlow Orchids; 11/7- Junior League Holiday Shoppes display & sale; 12/14 Christmas party; 1/04 Silent auction.

8. **Refreshments-** sign up sheet circulated.

9. **Fall Show & Sale:** David Ditz reviewed the jobs we need to do as a club at our Show: greeter, clerks, refreshments (Friday evening and Saturday morning), display monitors, Society Table (information & sell supplies), our club display—Judy, Charles, Gary; Floor plan for the displays at the Mall—Deb, David, Cliff; Publicity—Jeff Stuart, (someone is needed to make personal visits to the TV/radio stations in the area). Beverly Costello suggested that we put an ad in the Penny Saver as a classified ad to promote the Show. Carol and Cindy will help with the advertising effort.

10. **Other Show-Related Items:** Individual member exhibits are welcome. Charles has been taking pictures of flowering orchids to use as an educational display, and requested a donation—Motion approved for a \$300 donation. Tom Lloyd will enter a photo exhibit. Jeff Stuart & Elinor Burton have volunteered to provide lodging for some of the judges. If you are interested in providing lodging for judges or vendors, contact Dave Ditz (635-8148) or Deb Coyle (445-9106). Registration will be done by Iris Cohen and Jennifer Wilson. Deb Coyle will order ribbons & trophies, etc., from Angeloro's. Gary Stensland has again agreed to provide stanchions. Dave Ditz will check on Insurance. Pre-Registration by e-mail is encouraged by Iris.

11. **Future fund raiser:** it was suggested that we sell flowering phals for Holidays such as Valentine's or Mother's Day in a booth in the Mall. We could also establish a Flower and Garden Show of our own for hobby horticultural groups, and model this after the Show in Oriskany.

**Respectfully Submitted,  
Barbara Weller, CNYOS Secretary**

- October 5**      **Regular Meeting:** AOS Slide Show on Judging. Planning for the show.
- October 11-12**      **CNYOS Annual Fall Show & Sale!** Set up on Friday, October 10. Shoppingtown Mall, DeWitt. Contact Dave Ditz, Show Chair, for more information (315/635-8148). **Volunteers are needed!**
- October 12**      **GROS Orchid Auction.** Plant preview starts at noon, bidding starts at 1PM. For more information, contact Jeff Snyder at (585) 377-5895 or email at auction@geneseeorchid.org
- November 2**      **Invited Speaker: Glen Decker of Piping Rock Orchids.** Phragmipediums; orchids will be available for sale.
- November 7-9**      **CNYOS to participate in the annual Holiday Shoppes,** Price Chopper Horticulture Bldg, NYS fairgrounds. Free parking. Admission \$6 at the door. Reduced advanced sale tickets available at Peter's Grocery in Syracuse. Contact Deb Coyle or Dianne Bordoni for more info.
- December 14**      **Annual Holiday Party** at the home of Deb Coyle.
- 

**GROS NEWS: NEWS FROM THE GENESEE REGION ORCHID SOCIETY**

The Genesee Region Orchid Society will have it's annual Fall auction on October 12, starting promptly at noon. Details at <http://www.geneseeorchid.org/>

Taken with permission from *The Orchid Collection*, Newsletter of the Genesee Region Orchid Society, Vol. 26, No. 2, Oct. 2003, Phil Matt, Newsletter Editor (716) 288-7025.

**STOS NEWS: NEWS FROM THE SOUTHERN TIER ORCHID SOCIETY**

The next regular STOS meeting will be on Sunday, October 19, and is tentatively scheduled to be a slide presentation on Paphiopedilums.

Monthly meetings begin at 2:00<sup>PM</sup> in the Vestal Public Library. For directions, etc. call STOS president Kenneth Lattimore at 570-553-2753 or e-mail him at <klatt@epix.net>.

---

## *SHOW BUSINESS, CONTINUED FROM PAGE 2.*

The following members have volunteered as clerks: Donna Coleman, Judi Witkin, David Ditz, Cheryl Lloyd, Dianne Bordoni, Deb Coyle, Gary Stensland, Dolores Capella, and Jeff Stuart.

*We need your blooming orchids!* Gary Stensland, Judi Witkin, and Charles Ufford will be setting up the club display, which should be the centerpiece of the show, and it's important for the home society to have an impressive display. So if you've got something in bloom that is fresh, well-flowered (i.e. the flowers are in good shape), and overall good looking, please bring it to the show on Friday afternoon/evening. If you cannot make it to set-up, contact **Judi Witkin (422-0896)**, **Deb Coyle (445-9106)** or **Dave Ditz (635-8148)** and make arrangements with one of them to get your orchids to the show for the display. **When you bring plants for the display, PLEASE do the**

**following:** (1) Label each pot with both your name and the plant name; (2) Remove all plastic plant labels; (3) Include a list of all the plants you are entering with your box; and (4) Put your name & phone number on your box. **And we strongly encourage you to pre-register your orchids with Iris Cohen (IrisCohen@aol.com, (315) 461-9226) prior to the show.** Even if you're not sure whether or not you'll actually enter a particular orchid, pre-register it anyway to save work for the registration team during set-up. Registration is always difficult and time-consuming, so save help out our volunteers (Iris & Elihu Cohen and Jen Wilson)! Pre-registration forms and instructions are found on page 10, and the Show Schedule, which contains all the necessary information regarding categories and classes, is found on page 11. And remember, *please clean up and stake your plants as needed.*

## CLUB REMINDERS

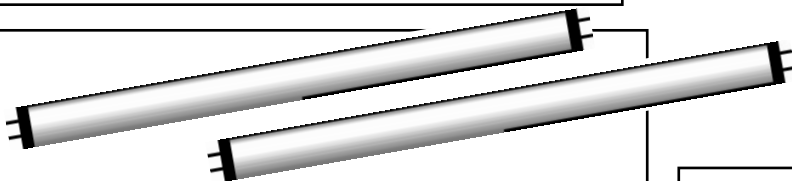

**Orchid-Growing Supplies** are now available, including fir bark, sphagnum, sponge rock, charcoal, and 40W fluorescent tubes. Call Dianne Bordoni for details on pricing and availability (446-3836).

The **CNYOS Club Library** is now located at St. Augustine's church. Make arrangements with Val Introne (682-8595) if you want to borrow an item from the Library.

***DON'T FORGET TO BRING YOUR BLOOMING ORCHIDS FOR THE MONTHLY SHOW TABLE!!!***

*Phalaenopsis bellina* (violacea), photograph by Vagisha Sharma, with digital enhancement by J. Stuart.

**Fluorescent light bulbs are now available!** A new order of Phillips Ultralume fluorescent tubes will be available for purchase at the October meeting. Price is \$7.50 each.

## **SILENT AUCTION THIS JANUARY**

After the success of the silent portion of our auction last spring, CNYOS is planning a totally silent auction as a fund raiser for this January. The current plan is for each member to bring a disease-free plant or orchid-related item to donate; a donation will be needed in order to participate in the auction—so keep this event in mind when repotting & dividing orchids in your collection! We're still working on the details, but that's the general plan. Since CNYOS may lose its spot at the Flower & Garden in March, the silent auction will be another way we can raise money for our activities.

***Got any other ideas? Let us know!***

## **REFRESHMENT SCHEDULE**

**OCTOBER 2003 - MAY 2004**

October	Tammy Pomietlasz & Carol Haskell
November	Carolyn Pace & Cynthia Busic-Snyder
January	David Churchill & Barbara Weller
February	Jennifer Wilson & Charles Ufford
March	Valerie Introne & Cliff Rossler
April	Monica Kot & Donna Coleman
May	David Ditz & Need Volunteer!

## **ORCHIDS FOR SALE!**

New member Don Davis has a large number of divisions for sale from his collection, including the following: *C. aurantiaca*, *C. forbesii*, *C. harrisoniae*, *C. unk.*, large white flower, purple lip, *C. unk.*, McLellin Cross # M-1090, *C. harrisoniae*, *C. skinneri*, *C. White Christmas*, *Coel. cristata*, *Coel. flaccida*, *Coel. massangeana*, *Laelia anceps*, *Laelia* unknown, jungle collected by Grossman 1980's, LC (Bonanza Las Vegas x LC Kashmir Ruby), SLC Jewel Box-Scheherezade AM/AOS, and Unk. Sweet Mustard x *digbiana*. There are multiple divisions of each, some currently in bloom. Price will range from \$5-\$20. The sale can be any time, by appointment. Please call 635-3786—Don lives in Baldwinsville, right off of Rt 370, really easy to find. All plants are healthy and may bloom within the next year.

## BRASSAVOLA NODOSA & DENDROBIUM GONZALESII

Both *Brassavola nodosa* and *Dendrobium gonzalesii* can be found blooming this time of year. They require, however, somewhat different horticultural requirements, as discussed below. *Brassavola nodosa* is an orchid that deserves a place in everyone's collection, being relatively easy to grow, reasonably statured, and simple in flower. *D. gonzalesii*, while more culturally demanding, has a wonderful sky blue color that is very rare in nature.

Throughout the native range of *B. nodosa* (widespread through Mexico, Central America, Colombia, and Venezuela), it is known as La "Dama de la Noche," or the "Lady of the Night Orchid," due to its intoxicating fragrance that is emitted only at night. With terete leaves that measure 5-6", it requires bright light and intermediate to warm temperatures to do well. Like many *Brassavola* species, *nodosa* is drought tolerant. Several 3-4" flowers are born atop 3-6" inflorescences. The spidery flowers have pale apple green petals and sepals, offset by a large white heart-shaped lip. Although not as flashy as others in the *Cattleya* tribe, it is an example of simple aesthetic beauty that never fails to please. And if that's not enough, just wait until dark when that delightful fragrance exudes forth to entice moths and humans alike! Given the overall color of the flowers and the evening fragrance, it is not surprising that in the wild it is pollinated only at night by moths.

*Dendrobium gonzalesii* (*ceraula*) is closely related to the elegant *Dendrobium victoria-regina*—both have flowers that are as close to true blue as possible in the orchid world, and as such can be spectacular in bloom. This Philippine species has clusters of 1-2" flowers that are produced along semi-pendulous canes up to a foot in length. Bright light and intermediate to cool conditions are required, along with a good amount of humidity. High-quality water, and lots of it, is also a plus.

**Above:** *Brassavola nodosa*: Although collected plants can be recalcitrant to flower, those grown from seed flower much more regularly and easily.

**Below:** The unusually-colored *Dendrobium gonzalesii* (the unique color does not reproduce well in photographic media).

Please look at the schedules below; each shift should have a **minimum of two-three people** (and it never hurts to have more!). There are still a few time slots that need volunteers (desperately!). If you're able to help fill out the schedule, please contact Deb Coyle as soon as possible (tcoyle1@twcny.rr.com, 445-9106).

<p><b>GREETERS</b> are needed on <b>Friday afternoon and evening</b>, and will be responsible for helping out our arriving guests (societies and vendors) in whatever capacity they need: unloading, setting up, registration, etc. Visiting vendors &amp; societies greatly appreciate the assistance, especially if they have to hit the road soon after setting up or if they arrive late.</p>	<i>FRIDAY</i>	
	3:00-5:00 <sup>PM</sup>	Donna Coleman & Monica Kot
	5:00-7:00 <sup>PM</sup>	Elinor Burton & David Churchill
	7:00-9:00 <sup>PM</sup>	Rick Braue & Cliff Rossler
	<b>Refreshments:</b>	Monica Kot & Bev Costello

<p><b>SHOW &amp; DISPLAY MONITORS</b> are needed to walk around the show and keep the public from touching the orchids or interfering with the displays in any way. The displays will be filled with some of the best plants the vendors and our guest societies have to offer, and we need to keep them safe. CNYOS has learned from past experience that this is highly appreciated.</p>	<i>SATURDAY</i>	
	12:30-3:30 <sup>PM</sup>	Helen Hoefler & <i>Two Others Needed</i>
	3:30-6:30 <sup>PM</sup>	Jeff Stuart & <i>Two Others Needed</i>
	6:30-9:30 <sup>PM</sup>	Dolores Capella & <i>Two Others Needed</i>
	<i>SUNDAY</i>	
11:00 <sup>AM</sup> -1:00 <sup>PM</sup>	Judi Witkin & <i>Two Others Needed</i>	
1:00-3:00 <sup>PM</sup>	Jeff Stuart, Dolores Capella, & Helen Hoefler	
3:00-6:00 <sup>PM</sup>	Donna Coleman, Rick Braue, & Judi Witkin	

<p><b>SOCIETY INFORMATION BOOTH:</b> Members who help out at the society booth will interact with the public, answering questions, handing out information on the club, and selling raffle tickets, books, &amp; supplies. In addition, this is where new members will sign up!</p>	<i>SATURDAY</i>	
	12:30-3:30 <sup>PM</sup>	Monica Kot & <i>One Other Needed</i>
	3:30-6:30 <sup>PM</sup>	Carol Haskell & Tammy Pomietlasz
	6:30-9:30 <sup>PM</sup>	Diane Detore & <i>One Other Needed</i>
	<i>SUNDAY</i>	
11:00 <sup>AM</sup> -1:00 <sup>PM</sup>	Bev Costello & <i>One Other Needed</i>	
1:00-3:00 <sup>PM</sup>	Judi Witkin & <i>One Other Needed</i>	
3:00-6:00 <sup>PM</sup>	Monica Kot & Mike Candella	

***Break-down will start at 6:00<sup>PM</sup> on Sunday. All CNYOS members are strongly encouraged to participate.***

Vendors and societies always appreciate help at break-down so they can hit the road earlier. There was no specific sign-up sheet for break-down, but if you can help out, please let Deb Coyle know (tcoyle1@twcny.rr.com, 445-9106). The more members we have on hand to help, the faster it will go.

**About Our Cover Art:** This month we feature the lovely *Paph. tigrinum*, as she tries to entice the judges to look her way! This is one of the many orchid caricatures done by Pat Graham (© 2003), and is provided courtesy of Bob & Lynn Wellenstein of AnTec Orchids, <http://www.ladyslipper.com>. Look for more on Pat, and more of her orchid caricatures, in future issues. If you're interested to learn more about her work, contact her at [pattsorchid@hotmail.com](mailto:pattsorchid@hotmail.com).

**INSTRUCTIONS FOR EXHIBITORS**

1. Read the Rules that came with the Show Announcement. If you have any further questions, please contact the Chair, Dave Ditz, at 315/635-8148, in advance of the Show.
2. Read the show schedule. If you have questions, ask an entry clerk. For further details, refer to the AOS Handbook on Judging and Exhibition.
3. Any plant which might be eligible for more than one class may be entered in either class, or both.
4. If you have not owned your plant for more than 6 months, or if you do not have the name, if registered, or the parents, be sure to check "NO" under "Cultural Award" on your plant registration sheet. You may still label it, win a ribbon or other award, & use it in your display.
5. If your plant is a registered hybrid, it is your responsibility to look up both the name and the parents. The clerks will show you how to do this. If this is a problem, you may call Iris Cohen, 315/461-9226, ahead of time. If any plant has had a previous AOS award, the clone name and award must be entered on the "Name" line of registration.
6. If you are entering a display, be sure to register it in the appropriate display class.
8. Keep a copy of a list of the plants you brought to the show, and their owners, to help you take them home.
9. Details of the registration procedure will be given you when you arrive. We will provide uniform labeling materials for you to use.
10. When you are done setting up and registering, each plant should have its uniform label, and a number on it. Similarly, your display should have a label - [name] - and a number. These numbers match the names given to the entry clerk. No identifying names may be placed on them until after judging.
11. Good Luck !! Please show respect for our judges and exhibitors by remaining away from the exhibit area during judging. If you have any questions about the judging results, refer to the Chairman of Judging activities.
12. Dismantling can begin at 6 PM on Sunday, and not before.

---

## THE FOLLOWING RULES APPLY TO THE 2003 SHOW

---

**Times: Set-up 3-9<sup>PM</sup>, Friday October 10, 2003. Judging, 8:30<sup>AM</sup>, Saturday, October 11, 2003. Dismantle: 6<sup>PM</sup> Sunday, 10/12.**

1. The show will be judged according to the American Orchid Society *Handbook on Judging and Exhibition*, Tenth Edition.
  2. Water, pools, or fountains may be used, with permission. Any leaks must be repaired immediately.
  3. All **exhibits** must be registered in the show. Individual plants must be registered and correctly labeled with the species, or cross name and parents, in order to be judged. (New or unidentified species must be labeled with the correct genus, at least.) Judges may exclude unentered or mislabeled plants from ribbon judging. In the event a plant has been entered in the wrong class, it may be reclassified, at the judges discretion. If that class has already been judged, the plant may be disqualified. Correct labeling of plants in the show will be the exhibitor's responsibility. Plants eligible for more than 1 class may be entered in both. Uniform exhibit signs and supplies for making plant labels will be provided by the Show Committee.
  4. The show schedule and a sample registration sheet will be sent to each exhibitor, as soon as the reservation slip has been returned. To aid the registration process, please register with Iris Cohen in advance, **by fax, ( 315/461-9226- must phone first) , or e-mail, (IrisCohen@aol.com) , or phone, or mail.** Uncooperative plants can always be deleted at the last minute. Please come to the show with a completed list of display plants, including parentage, for referral purposes of exhibitor and/or show committee, and/or take-down.
  5. All tropical (home or greenhouse) orchid plants entered for possible consideration for a Cultural Award must have been owned by the exhibitor for at least six months. Any hardy native plant (orchid or foliage) which is on this state's protected list must have been owned by the exhibitor or under cultivation for at least two years.
  6. Exhibitors need not be members of the American Orchid Society, or the Central New York Orchid Society. There is no entry fee. By entering this show, the exhibitor represents that all collected species orchids entered have been obtained in conformance with the Convention on International Trade in Endangered Species and/or accepted conservation practices. Plants which are not established will not be judged.
  7. Every reasonable precaution will be taken, but neither the Central New York Orchid Society, nor Shoppingtown Mall can be responsible for loss of, or damage to plants, blooms, containers, or other personal property.
  8. Set-up must be **completed by 9:00 Friday evening.** Judging will begin promptly at 8:30 AM Saturday. Decision of the judges will be final.
  9. The Show Committee **reserves the right to** reject or disqualify any plant or exhibit which shows signs of pest infestation, disease, or severe genetic defect. No plants or cut flowers may be entered for judging by exhibitors who are in arrears for failure to pay AOS award fees.
  10. At their discretion, judges may divide a class which turns out to be unwieldy. They may withhold awards if there is no worthy entry, or designate a special award for an outstanding specimen not covered in the schedule.
  11. No plant or part of it, artifact, or accessory in any type of exhibit may carry a price tag, or be removed, or sold, or tampered with during the show, except for the removal of wilted blossoms. Craftspeople with items for sale will offer them at separate tables in the sales area.
  12. Visitors who would like to observe the judging process or serve as clerks are welcome, but must inform the Chairman of Judging Activities in advance. Contact **Deborah Coyle, 5186 Winterton Dr., Fayetteville, NY 13066, phone 315/445-9106 or E-Mail tcogle1@twcny.rr.com**
  13. Since we are a small club with limited resources, only judges and clerks who have served in the entry or judging process, and their spouses, are invited to the judges' luncheon. Other show committee members or visitors may join us at their own expense.
-

A few notes on registering your orchids for the show:

**PLEASE PRE-REGISTER BY E-MAIL OR FAX WITH IRIS COHEN!**

This will help significantly on Friday at set-up. Write up your registrations, with Name of plant (and Parents, if a hybrid), Entry Class, and Culture Award eligibility. It is your responsibility to fill in the class number correctly (see page 11). It may be disqualified if entered incorrectly. If you have any questions, contact Iris (IrisCohen@aol.com, (315) 461-9226, call first to fax). The following web site may also be helpful: [http://www.rhs.org.uk/science/mn\\_registration\\_orchids.asp](http://www.rhs.org.uk/science/mn_registration_orchids.asp). If your clone (individual plant or cultivar) does NOT have a nationally recognized award, do NOT include clonal name. If your clone DOES have an AOS award, *you must include the clonal name*. It is your responsibility to determine if that clone has been awarded— Iris will be able to help in this regard. If you do not have name of cross *leave top line blank*. Parents belong on next 2 lines. Don't include variety name of a species unless it is really significant, like alba. Don't include clone names of parents as they have no significance for this purpose.

# CNYOS 2003 SHOW SCHEDULE

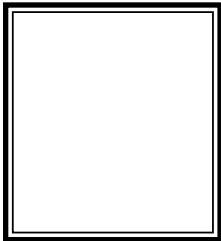

SHOW SCHEDULE EXHIBITS		CNYOS 2003	FALL SHOW
<b>A. Amateur Exhibits by one or more persons</b> Class 1. Three to five orchid plants in flower, arranged for effect. Class 2. Six to ten orchid plants in flower, etc. Class 3. Eleven or more plants, etc. Class 4. Educational Exhibit		<b>F. Vandaceous Alliance (exc.Phal.&amp;Dor)</b> Class 60. Angraecoid and related species, hybrids, and intergeneric hybrids Class 61. Ascocentrum species and hybrids Class 62. Ascocenda (Vanda x Ascocentrum) Class 63. Vanda and allied genera species other than a excluding Doritis and Phalaenopsis Class 64. Vanda and allied genera hybrids and intergeneric hybrids, other than above, but excluding Doritaenopsis and Phalaenopsis.	<b>K. Dendrobium Alliance</b> Class 130. Dendrobium species Class 131. Dendrobium, noble type hybrids only Class 132. Dendrobium, phalaenopsis & antelope types Class 133. Dendrobium, nigrohirsute type hybrids Class 134. Dendrobium alliance species, hybrids, and intergeneric hybrids, other than above
<b>B. Orchid societies affiliated with the AOS</b> Class 5. Three to ten plants in flower, etc. Class 6. 11 or more plants, etc.		<b>G. Phalaenopsis</b> Class 70. Phalaenopsis, including former Doritis allied species Class 71. Phal. & Dtps, plain white Class 72. Phal. & Dtps., white with spots, bars or Class 73. Phal. & Dtps., white with colored lip Class 74. Phal. & Dtps., pink with or without mar Class 75. Phal. & Dtps., yellow with or without marks Class 76. Phal. & Dtps., other colors not defined at Class 77. Phalaenopsis and Doritaenopsis, miniature Multifloral: mature leaf-spread under 10 inches and/or small flower size (Phal. eques & similar species predominating).	<b>L. Miscellaneous</b> Class 150. Masdevallia species Class 151. Masdevallia hybrids Class 152. Other Pleurothallid species Class 153. Other Pleurothallid hybrids Class 154. Any miniature species or hybrid except the Cymbidium, Cattleya, Phalaenopsis, or Pleurothallid alliance. (Any plant[individual growth] 6 " or less in height or width, excluding inflorescence.) Class 155. Any terrestrial or foliage orchid not covered elsewhere. Class 156. Any other orchid species not covered elsewhere Class 157. Any other orchid hybrid not covered elsewhere.
<b>C. Commercial exhibits</b> Class 7. Any exhibit by a vendor at this show		<b>H. Oncidium Alliance</b> Class 100. Miltonia and Miltoniopsis species Class 101. Miltonia&Miltoniopsis hybrids & intergeneric Class 102. Odontoglossum species, other than above Class 103. Odont. hybrids & intergenerics, other than Class 104. Oncidium species,exc.equitants (Tolumentia) Class 105 .Oncidium hybrids&intergenerics, other than above, exc.equitants. Class 106. Oncidium, equitant species (Tolumentia) Class 107. Oncidium, equitant hybrids (Tolumentia) Class 108. Oncidium alliance species, other than above Class 109. Oncidium alliance hybrids& intergenerics, than above.	
<b>OPEN CLASSES</b>		<b>J. Cymbidium Alliance</b> Class 120. Cymbidium alliance species Class 121. Cymbidium hybrids, standard Class 122. Cymbidium hybrids, miniature	
<b>D. Cattleya Alliance</b> Class 30. Cattleya and allied genera species Class 31. Cattleya & intergeneric hybrids, white Class 32. Cattleya & intergeneric hybrids, pink and lavender Class 33. Cattleya & intergeneric hybrids, yellow and red Class 34. Cattleya & intergeneric hybrids, purple Class 35. Cattleya & intergeneric hybrids; blue, splash petals, and any other color not defined above. Class 37. Allied genera hybrids and intergeneric hybrid other than above (not containing Cattleya). Class 38. Cattleya alliance species and hybrids, miniature (under 8" in height, excluding inflorescence)		<b>I. Artistic Classes</b> Class 190. Paintings or drawings, including textile paint. Class 191. Photographs Class 192. Any other art or craft work. Class 193. Any art or craft, not created by exhibitor ("collectibles") Class 199. Corsages, bouquets, arrangements, table settings, or decorative plantings, using cut flowers and foliage.	
<b>E. Cyripedium Alliance</b> Class 40. Paphiopedilum species, Brachy.&Parvisepalu Class 41. Paph., all other species, single flowering Class 42. Paphiopedilum species, multiple flowering Class 43. Paph. hybrids, vinicolor or "flame" Class 44. Paphiopedilum hybrids,Maudiae types,non vit Class 45.Multifloral Paph. hybrids Class 46.Parvisepalum&Brachypetalum Paph hybrids Class 47. Paphiopedilum hybrids, complex, white and pink Class 48. Paph. hybrids, complex, red & mahogany Class 49. Paph. hybrids, complex, any other color Class 50. Phragmipedium species Class 51. Phragmipedium hybrids-mainly red,orange, Class 52. Phragmipedium hybrids- any other color Class 55. Cyripedium species and Hybrids		<b>SPECIAL AWARDS</b> <b>RIBBONS:</b> First, Second, and Third prizes in each Class. 74 Classes <b>ROSETTES:</b> Best in each group (A through M) 12 groups <b>TROPHIES:</b> Best Exhibit in Show Best Species in Show Best Hybrid in Show Orchid Digest Corp. Trophy: Best non-commercial exhibit <b>MARGERY UMMER MEMORIAL AWARD</b> Best Amateur-Grown Cattleya Alliance Plant <b>JAMES RICE MEMORIAL AWARD</b> Best Amateur-GrownSpecies Plant <b>ANDY MYERS MEMORIAL AWARD</b> Best Amateur-Grown Phragmipedium species or hybrid
