Hi Everyone -

A couple of highlights from the CNYOS May 2022 Newsletter:

My apologies for not getting the May Newsletter out yet but it is almost done and I hope to get it out in the next few days. I recently had covid and have been dealing with side effects. I'm fine but just working on catching up.

~ **Reminder:** There is an **in-person** meeting this Sunday, May 8th at 2pm. Art Chadwick will be speaking on 'Large Flowered Cattleya Species'. He will be bringing plants for sale.

~ There will be a Show Table but NO Raffle Table.

If you have any other questions please do not hesitate to email or call me (I do have my phone turned back on!)

Stay safe and healthy! Again, my apologies!
